24700 Wood Court,  
Macomb MI 48042

## Description:

The IWT-A2 is, without a doubt, the best general use arc welding gun in the industry. Its features include precise lift adjustment, self-lubricated bearing and a unique gas delivery system. It's weight to weld capacity makes it the most ergonomic gun for today's high paced manufacturing environment. Our innovative and light weight solenoid design allows for continual use without overheating. Available with either ferrule or gas options.

## Weld Range:
