Macomb MI 48042

Description:

The IWT G-1 Gap gun is a rugged mechanical gun that alleviates the overheating problems commonly associated with solenoid gap systems. The G-1 is molded from fiber-reinforced plastic and is fully insulated. Standard economic 10mm collets are utilized for varying stud diameters. The ergonomic handle is designed to eliminate operator fatigue.

The G-1 is specifically designed to be easy to set up and use. An adjustable leg set allows for rapid changes of fastener length. Spring pressure is easily adjusted for fastener materials.

Weld Range:

#4-5/16" diameter fastener in steel, stainless steel, aluminum and brass

Welding Process:

Capacitor Discharge, Gap

Welding Cables:

10ft of #2 highly flexible welding cable

Adjustable Legs:

To accommodate fasteners up to 3" long

Base Ring Diameter:

1.25 inch

Total Weight:

2lbs without cables

FEATURES

- MADE IN USA
- Easy to Use
- Light Weight
- Fully Mechanical
- Heavy Duty Cables
- Adjustable Leg Set
- New Comfort Grip
